**RE:** Budget Accounts (2021 – 2022 Heating Season)

**HOW IT WORKS:** Budget accounts are set up for the convenience of our customers that wish to have a regular monthly payment for oil instead of payment at time of delivery. **The customer would pay 12 monthly payments with the first payment due on or before May 15, 2021.** Each additional payment would be due by the 15<sup>th</sup> of each month with the final payment **April 15, 2022. PLEASE SUBMIT THIS PAYMENT ON TIME SO WE CAN CLOSE OUT & INCLUDE YOUR DISCOUNT ON THE STATEMENT.**

**MONTHLY PAYMENTS:** Budget customer's yearly heating needs are estimated for the season. The gallon usage for the year is multiplied by an estimated price for oil. This figure is in turn divided into 12 monthly payments. **PLEASE NOTE THAT MONTHLY PAYMENTS ARE FOR FUEL ONLY AND DO NOT INCLUDE ANY SERVICE INVOICES.**

**PRICING:** The pricing used to calculate usage is not a locked or capped price. Budgets customers receive the cash price for the oil and an additional discount of .02/gallon at the end of the budget plan if all payments are made on time and there are no past due balances on account.

**WHY A BUDGET PLAN?** The main benefit of being on a budget is that each oil delivery does not have to be paid at the time of delivery. The budget also avoids any finance charges and/or the .10 gallon delivery charge for overdue deliveries.

*----detach and return-----*

-----  
I am continuing on the budget for the **12** month plan for the next heating season. **I understand that this is not a capped or locked price.** Any balances due on account at the close of the budget cycle are my responsibility.
